TUESDAY, OCTOBER 16, 2018

Bollinger reads

GOOD MORNING TOPE ELEMENTARY FAMILY! Take a moment to breathe in and breathe out and settle in for a few minutes. (PAUSE)

Last Thursday you watched a Kid President video about HEROES! This week's focus is becoming a hero. Honestly, your lifelong challenge should be to think about how to use your super human growth mindset and neuroplasticity powers to become a hero. The dictionary defines a hero as a person with distinguished courage and/or one who is admired for his brave deeds and noble qualities. EVERY DAY you have the opportunity to demonstrate courage, bravery and nobility. I see heroes every day in this school. YOUR TEACHERS ARE EVERY DAY HEROES. They chose a profession committed to empowering your minds and creating a positive future for you all.

I also see many students who demonstrate being a hero. Students who are willing to tell the truth when it is difficult. Students who are kind and compassionate. Students who stand up for their friends when others are unkind. Students who give their EXTRA time and effort in their work simply because they want to. These are EVERY DAY acts of a young HERO.

I this video you are going to watch a young man who is a hero. As you walk down your path to awesome-- think about all the ways to do right, even when others doubt you... because, sometimes my friends that is all it takes.
