

GOOD MORNING TOPE ELEMENTARY FAMILY! Take a moment to breathe in and breathe out and settle in for a few minutes. (PAUSE)

Last WEEK, we talked about an important part of being an everyday hero ----Our Words are a super power and we need to use them wisely. I want each one of you to be a model for your classmates. Especially to all new students in our school, I want those of you who are new to our school to see how we treat each other with kindness. And those of you have been at our school know the importance of kindness to one another.

Today's message has an interesting turn that highlights the Power of Words – in a completely different way. As you watch this video....about our words, be thinking to yourself, what is the meaning of today's message. There is a plot twist at the end. To me this is probably one of the most important messages about our words and one that we take for granted.

As you walk down your path to awesome—think about the power of your words... stop and choose to be an everyday hero!

VOCABULARY-

Hero

Compassion

Courage bravery nobility

ACTIVITIES-

Define “the surprise”

As students to talk with a partner at first: What is the message in today's video? How is this the same or different from our last two messages? (all 3 were written messages or words, does that make us more thoughtful about the words we choose than when it comes from our mouth/verbal messages?)
