Beginning of the Year! STEAM @ Tope Code

Bollinger reads

GOOD MORNING, TEAM TOPE! Take a moment to breathe in, breathe out and settle in for a few minutes.

We are learning about a CODE! Our STEAM @ Tope code helps us understand the values and standards that we must commit to in order to attain our vision. Our code consists of the 4 Cs— Confidence, Community, Compassion and Collaboration.

We not only talked about Confidence last week, but we talked about community! We have added 30 minutes every day for a morning meeting. The entire purpose of our morning meeting is to develop each individual, but also to build community! The definition of community is a group of people working together and depending on each other for various necessities in life. You are going to spend many, many hours with the people in your classroom. Your teachers are giving you the tools that you need to be a strong force in a positive community.

Here's Kid President again to talk about 20 things we can say to help build community! Yep, we have watched this one before—but, this video is all about building community!

As you walk down your path of awesome, be a part of this special community by supporting each other and growing together! Remember- if you can't think of anything nice to say—you aren't thinking hard enough!

VOCABULARY--

Code

Confidence

Community

VIDEO-

ACTIVITY/IES-

- 1) TODAY, we will review recess SOPs. Please support the SOPS outside when on duty!
- 2) Talk about the 4 C's. Divide chart paper into four squares- write 4 cs in each area. Define Community. What does it mean to be part of a community that works together and depends on each other? What does a positive community look like?
- 3) Create a list of 5 things we should say more often in Mrs./Mr's Class...

Teacher Responsibility
