Beginning of the Year! Developing a vision

GOOD MORNING, TEAM TOPE! Take a moment to breathe in, breathe out and settle in for a few minutes.

We are learning about a vision. A vision helps us create purpose, define what success will look like and guide us into the future. It is what connects us and brings us all together.

STEAM @ Tope's vision is~

ENGAGE with confidence;

EQUIP with knowledge;

EMPOWER for lifelong learning and innovation.

Yesterday, we learned about the first section in our vision- Engage with confidence. Today, we will look at the second section-- EQUIP with knowledge. Equip means to prepare and supply. You develop your knowledge through facts, skills and information gained in your education and throughout your life.

As you walk down your path of awesome, put yourself out there, get involved, soak the learning in and EQUIP YOURSELF WITH KNOWLEDGE!

ACTIVITY/IES-

- 1) Talk about "Equip with Knowledge". How can they equip themselves with knowledge and prepare for the future? For Intermediate- what is the theme in Why Education is Important? Why does education give us the power to change the world? Discuss education as a privilege vs a right. Primary- Create a list of everything you do in school that builds your knowledge.
- 2) Begin to CRAFT YOUR OWN CLASSROOM VISION. It can be a sentence, statement, etc.
- 3) Continue to review and reinforce EXPLICIT SOP routines for your classroom, hallway, bathroom etc. (students should know a how to operating procedure for just about everything)
