

MORNING ANNOUNCEMENT- GROWTH MINDSET

Wednesday, October 27, 2021

Bollinger reads

GOOD MORNING TOPE ELEMENTARY FAMILY! Take a moment to breathe in and breathe out and settle in for a few minutes. (PAUSE)

We continue to look at ways to use your super human powers to be an everyday hero! We have looked at the POWER OF WORDS and we are moving forward with the POWER OF ACTION!

Today's message takes us a bit deeper on the power within us all when we decide to help others. Our video is about a community in faraway Thailand, I really want you to think about what is happening in our own community and how it might relate. Start noticing what your classmates are doing for each other, what others are doing for each other across our school!

As you walk down your path of awesome KNOW that You have THE POWER TO CREATE CHANGE – THE POWER TO IMPACT THE LIVES OF OTHERS! Make it happen in our school.

Utilize, increase, sensitize, activate

VIDEO-

<http://www.karmatube.org/videos.php?id=6815> Seeing through the Lens of Good (3:20m)

<https://www.gooverseas.com/gap-year/thailand/gapguru/47904> If the above video is a little too much, this one is just about opportunities to support in Thailand. You can talk through it with the kiddos.

Teacher Responsibility

Teacher Activity

I want our students to start looking for the good that is happening in our classrooms and in our school. Change their mindset from what is wrong to what is right. Although this video is in another country, the idea is that this photojournalist was documenting the good that was happening, in a country where there is much sadness and defeat.

Take students on a "look for" walk and have them document all the good they see happening. Have them watch recess time and look for kids that are doing right! Have them focus on 3 awesome things they see in school that day and then write them on a post-it to share the next day. The ideas are endless.....
