STEAM @ TOPE LEARNERS– COLLABORATION AND CONTRIBUTION

GOOD MORNING STEAM @ Tope Family! Take a moment to breathe in, breathe out and settle in for a few minutes. Today is a special day! IT IS Tope Elementary's 80th Birthday!

Our second graders are coming to the end of their PBL. Their problem statement is-- WE NEED A WAY TO preserve and honor our past, celebrate the present and envision our future on our PATH TO AWESOMENESS. I can't think of a better problem to collaborate on and for second graders to contribute to here at STEAM @ Tope Elementary!

Today, our second graders will be presenting their solutions at panel and we wish them all luck! Our PTA has purchased cupcakes for everyone to celebrate today at lunch. How cool is that?

This morning, take some time to honor Tope's history, celebrate the present and think about what the future holds for STEAM @ Tope learners! How are you working to leave a legacy for future Tope generations?

As you walk down your path of awesomeness, think about how SECOND graders collaborated and contributed to make today's events happen!

Take a look at the Fun Facts about Tope [TOPE SLIDESHOW](#) with your students.

MAKE CONNECTIONS TO THE HISTORY.

WHAT FUN FACT RESONATES WITH THEM?

HOW MIGHT THEY WANT TO BE REMEMBERED BY THE FUTURE TOPE LEARNERS IN 30 YEARS?
