STEAM @ TOPE LEARNERS COLLABORATE AND CONTRIBUTE! Collaboration is a process where two or more people work together to achieve something. Contribute means to be part of something and give back.

You have finished up some work on Self-Awareness and now we are going to be talking about SELF-MANAGEMENT- Self-management is—well, HOW YOU MANAGE YOURSELF! Self-management skills allow you to handle daily stress and control your emotions under difficult situations. Part of managing yourself is MAKING GOOD CHOICES. Whenever you come to a difficult choice... take some time to STOP, THINK AND MAKE A GOOD CHOICE.

As you walk down your path of awesome, practice good self-management. Stop, think and Make the kind of choices that will help you succeed!

STEAM @ TOPE LEARNERS CARE! – COLLABORATION AND CONTRIBUTION

Discuss a difficult decision that you have had to make in your personal life and how you made that decision. (pros and cons, talked to friends for advice, researched, etc.)

Have them discuss what it means and why we need to STOP and THINK before we make a choice.
